Oswald: Oswald is a fantastic choice for the headers on the website because it's modern and easy to read. Its bold, clean lines make the important information stand out, which helps visitors quickly find key messages about our mission to help the homeless. The clarity of Oswald ensures that the headers grab attention and guide users through our content effectively.

Open Sans: Open Sans is perfect for the paragraph text because it's simple and highly readable. This means that visitors can easily read and understand the detailed information about our cause, donation options, and the impact of their support. The clean design of Open Sana makes sure the message about helping the homeless is clear and accessible, enhancing the overall user experience on the site.

IMAGERY

These images spark excitement and capture the thrill of car culture, perfectly aligning with CarMeet's energetic vibe. They showcase the passion of the community, keeping the style bold and engaging while blending seamlessly across the website and social media platforms.
